

## PRESS RELEASE – HALIFAX NATURAL GAS ACTIVATION

**For Immediate Release**

**December 17, 2007**

The Nova Scotia Natural Gas Association (NSNGA) is pleased to announce that Heritage Gas will be activating their natural gas system in Halifax during the week of December 19<sup>th</sup> to the 22<sup>nd</sup>.

During this time the public may notice odors, sounds of escaping air, and flaring, all of which are part of the normal activation process and will be performed by qualified Heritage Gas personnel.

Remember to call before you dig! If you are planning any excavation, construction or landscaping around your home or business plan to call Heritage Gas. They will locate any natural gas service lines around your property. This is a free service provided for your safety.

For more information on natural gas activation in Halifax contact Heritage Gas at (902) 466-2003. To have service lines located on your property contact the call before you dig line at 866-313-3030.
